MESOYIOS PARK RESIDENCES
LIVADHIA, LARNAKA – CYPRUS

DESCRIPTION

Mesoyios Park Residences is composed of 63 residential plots, an area which has been identified for high growth potential and future development gains.

These Residences come with the option of many designs, internal layouts and external finish. Great luxury options are featured comprising open plan living areas which can be modified to suit the purchases needs, kitchen/dining area, guest toilet, pantry and storage area, master bedroom with en-suite and main bathroom.

The project uses a unique combination of glass, stone and timber to appeal to the new home buyer.

This project is a great investment for any buyer looking for the home in a quiet area with low density houses. Perfect for families, with private garden and swimming pool, double parking and some come with a roof terrace.

The beach is just a few minutes walk from the project. Also the Larnaca Nautical club with established restaurant and beach bar ideal for lunch brunch, coffee, cocktails to chill by the sea. The beach at Nautical club is fully organised.

Larnaca-Dekelia road is full of restaurants, coffee shops and hotels, offering all kinds of entertainment for all tastes.

LOCATION

DETAILS OF LOCATION

The project is located in Larnaca-Dekelia road, near the Nautical club of Larnaca.

The area it self is very vibrant and offers many options for entertainment yet the project is on a quiet area.

The center of Larnaca is just a few minutes drive.

The distinctive feature of Larnaka city is its bustling Phinikoudes promenade, which is lined with mature palm trees and flanked by beach, eateries and entertainment. The parallel shopping centre with its traditional architecture puts everything at your fingertips - including cultural treasures and interesting museums that are nestled among the commercial shopping streets. Only a 5 from the Opera Tower, where residents can enjoy Larnaka at its best.

DETAILS OF LOCATION

Larnaka town is also significant for both Christians and Moslems. The most revered monuments of the two are included in the main attractions of the city: the Church of Agios Lazaros (Saint Lazarus), the patron saint of the town who Jesus resurrected and held dear as a friend; and the mosque of Hala Sultan – an important place of pilgrimage for Moslems that is embraced by the Salt Lake.

In the same area, the famous Salt Lake fills with flocks of vibrant pink flamingos in the winter months and attracts visitors for its natural beauty and ecological value, offering a nature trail in the heart of the city.

LAND OF TOMORROW

MARCH 2023

Larnaka - Land of Tomorrow

An iconic new project changing the face of Larnaka as we know it.

The largest mixed-use development on the island to boost Larnaka growth while nurturing a sustainable life well lived.

The ultimate Mediterranean destination and place to be, where recreation and work combine in seamless unison under blue skies.

This is the Land of Tomorrow. A daring and masterful design for the future, taking shape in the present!

LAND OF TOMORROW PROJECT PRESENTED IN LARNACA

Deputy tourism minister Costas Koumis heralded the Land of Tomorrow project spearheaded in Larnaka. In a statement on Monday, Petrolina Group which is driving the project, said the investment will be reaping benefits for generations to come.

The plan envisions the development and transformation of Larnaka's northern coast into an attractive destination. Presented by Ben Scott, senior partner of the architecture firm Foster + Partners, he highlighted the city's history was a source of inspiration.

"Larnaka's heritage, natural beauty and relationship with the sea are key elements of this plan. The aim of Land of Tomorrow is the creation of a new, sustainable, mixed-use waterfront development that will be the catalyst for further regeneration of the city and the wider area."

LAND OF TOMORROW

MARCH 2023

The overall design of the masterplan is guided by a rigorous environmental and ecological approach, sustainability, the predominance of green and open spaces, access to modern infrastructure, as well as connectivity with the surrounding areas, Scott added.

Lefkaritis Group CEO Dinos Lefkaritis called the presentation historic, as Land of Tomorrow will be a reference point for both Larnaca and Cyprus, attracting young people and businesses. “This is what Larnaca deserves.”

New living and working communities will provide the amenities needed to support the growth of Larnaca’s resident population, attracting new people and businesses from overseas to an elevated and sophisticated setting. The progressive project, dedicated to creating a better future and aiming to positively impact the Cyprus economy, will also include new world-class tourism facilities to attract travellers to the island, as Land of Tomorrow shines bright in the international spotlight.

The past, the present, the future! The location, the heritage, an exciting cultural scene, a business community and a strong sense of local community.

The Land of Tomorrow masterplan will create a new paradigm for a sustainable, mixed-use coastal community, to become a catalyst for the responsible revitalisation of Larnaca and the wider region.
