LOCATION

DETAILS OF LOCATION

Larnaka town is also significant for both Christians and Moslems. The most revered monuments of the two are included in the main attractions of the city: the Church of Agios Lazaros (Saint Lazarus), the patron saint of the town who Jesus resurrected and held dear as a friend; and the mosque of Hala Sultan – an important place of pilgrimage for Moslems that is embraced by the Salt Lake.

In the same area, the famous Salt Lake fills with flocks of vibrant pink flamingos in the winter months and attracts visitors for its natural beauty and ecological value, offering a nature trail in the heart of the city.

LOCATION

DETAILS OF LOCATION

The project is located in the heart of Larnaca and benefits from the low density of the near by plots of the school grounds and the surrounding area.

The distinctive feature of Larnaka city is its bustling Phinikoudes promenade, which is lined with mature palm trees and flanked by beach, eateries and entertainment. The parallel shopping centre with its traditional architecture puts everything at your fingertips - including cultural treasures and interesting museums that are nestled among the commercial shopping streets. Only a 5 from the Opera Tower, where residents can enjoy Larnaka at its best.

The Municipal Library and Theatre are a 7 minutes walk.

The Municipal Library has 54,000 volumes of books in Greek, English, Finish, Romanian and Czech. It also holds 180 different periodicals, an archive of the Official Gazette of the Republic and the archive of the Minutes of the House of Representatives. It provides electronic access to thousands of periodicals via the EBSCO & PROQUEST services.

The American Academy Larnaca is one of the nine oldest schools in Cyprus.

As a non-profit institution, this school is committed to delivering a holistic educational experience that begins in the classroom and extends far beyond it. At the heart of the school's philosophy is its motto "to grow and to serve" which embodies the true ethos and culture of our learning environment.

As the school notes, students grow intellectually, emotionally, socially and morally, and are encouraged to serve their community actively and generously. The school ethos is reinforced in their unique management structure; a private, non-elitist, co-educational independent school that is uniquely run by its own graduates.

Set directly in front of a beautifully landscaped roundabout adorned with mature trees and greenery, the project offers scenic views and a peaceful atmosphere rarely found in city living. The lush surroundings enhance both the aesthetic and the lifestyle quality for residents.
